a class act aims to explode the myth that Britain is becoming a classless society by systematically examining the pillars of the new class structure education the monarchy the armed forces health politics housing and race

seminar paper from the year 2003 in the subject English language and literature studies culture and applied geography grade 1315 university of Potsdam

language english abstract great britain has often been described as a very class conscious society some people even proclaim the british as obsessed with class and britain as a very rigid society 1 compared to other countries such as germany this statement seems true these different states of society are due to individual developments and national attitudes towards class e g whereas in britain the industrial revolution already had begun germany still suffered from feudalism apart from those historical developments class gains in almost every modern nation another emphasise in britain the recent years opened up the discussion on a classless society politicians more and more referred to this vision of a society in which the rigid divisions between social groups are reduced and everyone benefits from the wealth and efforts of modern life in this paper i firstly want to discuss general ideas and definitions concerning the term class and especially the middle class which is my main topic secondly i want to draw the attention to historical developments and therefore how the middle class succeeded to gain more influence in politics and economy finally i will concentrate on the recent debate on the question is britain a classless society in this part i will try to compare different opinions and arguments in present day publications

superb nick cohen author of what s left tremendously entertaining dominic sandbrook sunday times like his previous histories of the seventies and eighties a classless society is an extraordinarily comprehensive work turner writes brilliantly creating a compelling narrative of the decade weaving contrasting elements together with a natural storyteller s aplomb engaging and unique irvine welsh daily telegraph ravenously inquisitive darkly comical and coolly undeceived turner is a master of the telling detail craig brown mail on sunday when margaret thatcher was ousted from downing street in november 1990 after eleven years of bitter social and economic conflict many hoped that the decade to come would be more caring others hoped that the more radical policies of her revolution might even be overturned across politics and culture there was an apparent yearning for something the iron lady had famously dismissed society the new britain to emerge would be a contradiction economically unequal but culturally classless whilst westminster agonised over sleaze and the erm the country outside became the playground of the ladette it was also a period that would see old moral certainties swept aside and once venerable institutions descend into farce followed in the case of the royal family by tragedy opening with a war in the gulf and ending with the attacks of 11 september 2001 a classless society goes in search of the decade when modern britain came of age what it finds is a nation anxiously grappling with new technologies tentatively embracing new lifestyles and above all forging a new sense of what it means to be british deserves to become a classic edwina currie rich and encyclopaedic roger lewis daily mail excellent d j taylor independent

in this wholly original and brilliantly argued book the author shows that britons have indeed been preoccupied with class but in ways that are invariably ignorant and confused

timely dissection of the notion of a classless society which focuses on specific ways in which class inequalities manifest themselves in 1990 s britain examines youth crime and poverty health homelessness education and young single mothers

this text argues that Britain is far from becoming a classless society although there are changes occurring to all the main classes the author highlights key debates about economic change social mobility and class and politics as well as examining contemporary class characteristics

In this introduction to post war fiction in Britain Dominic Head shows how the novel yields a special insight into the important areas of social and cultural history in the second half of the twentieth century Head's study is the most exhaustive survey of post war British fiction available it includes chapters on the state and the novel class and social change gender and sexual identity national identity and multiculturalism throughout Head places novels in their social and historical context he highlights the emergence and prominence of particular genres and links these developments to the wider cultural context he also provides provocative readings of important individual novelists particularly those who remain staple reference points in the study of the subject accessible wide ranging and designed specifically for use on courses this is the most current introduction to the subject available an invaluable resource for students and teachers alike

this revised and updated eleventh edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics it provides a thorough and accessible overview of the institutions and processes of British government an excellent grounding in British political history and an incisive introduction to the issues and challenges facing Britain today this edition welcomes rigorously updated revised chapters it delivers excellent coverage of contemporary events with significant new material covering the tumultuous end of the dominant Conservative Party era under Johnson the brief and contrasting Truss and Sunak premierships followed by the seismic Labour general election victory for Keir Starmer in 2024 and the first stuttering steps of the new administration the continued cost of living crisis and inflation continued challenges around the UK's place in a post Brexit world and position on the invasion of Ukraine climate change and much more other features of the new edition include a wide range of illustrative material boxes and case studies providing illuminating examples alongside the analysis a comprehensive who's who of politics in the form of profile boxes featuring key political figures point of view pieces containing short articles on salient and pressing topics written by distinguished commentators including Sir Anthony Seldon Claire Ainsley David Gauke and James O'Brien online resources including interactive questions per chapter flashcards of key terms annotated weblinks new discussion questions video interviews with politicians and more with chapters written by highly respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for all students of British politics

David Cannadine's *Unique History* examines the British preoccupation with class and the different ways the British have thought about their own society from the eighteenth through the twentieth century he traces the different ways British society has been viewed unveiling the different purposes each model has served this is a social intellectual and political history and a powerful account of how and why class has shaped British identity

social class differences and inequalities are alive and flourishing in contemporary Britain. In reviewing a wide range of sources, this book provides easy access to the empirical research on social class. It illustrates how class differences reach into society, affecting not only life styles but also life chances, birth, health, and death. Reid demonstrates how social class is related to most aspects of life in Britain, including differences in wealth and income, education and qualifications, work and leisure, expectation of life, and experience of health, housing, sex, and family relationships, political and religious beliefs, and activity. It provides a comprehensive view of the nature of social class in Britain and discusses how the concept of class has been used in empirical research. In sum, it presents a very serious challenge to the hope or promise that Britain is moving towards a classless society. Dispassionate in its approach, clear in its presentation, and comprehensive in its treatment, *Class in Britain* provides an indispensable guide and sourcebook for all those who need to know or are interested in the social structure of Britain today. It is written for a very wide ranging audience, including students, social scientists, teachers, politicians, and administrators.

An alternative to the right wing paradigm which has hijacked discussions of class, this book focuses on the specific ways in which class inequalities manifest themselves in Britain and exposes the hollowness of politicians' rhetoric over the classless society.

For one quarter term introductory sociology courses, *Society: The Basics*, sixth edition, offers a complete multimedia learning program in sociology, including a carefully coordinated package that includes the textbook, a free interactive CD-ROM in every copy, and an innovative companion website. As in the past, it features a balanced theoretical foundation: structural-functional, symbolic interaction, and social conflict analysis is supplemented by cultural ecology, social exchange theory, and sociobiology. In addition, the three main themes that make up the core of the book remain: social diversity within the United States, a global perspective, and an emphasis on critical thinking. New: a new chapter on sexuality highlights the socially constructed character of human sexuality, exploring the myths and realities surrounding sexual orientation, and then looks at sexual controversies, including teen pregnancy, pornography, prostitution, and sexual violence. New: a new combined chapter on population, urbanization, and environment provides an integrated discussion of three closely related issues. New: website listings. Each chapter concludes with a 'sites to see' section that
